To Whom It May Concern:

It is with great pleasure that I write this letter of reference for Ms. Pamela Sanders, as she seeks admission into the DNP program at the University of Central Florida. Ms. Sanders is currently the Nurse Manager of the Neonatal Intensive care Unit and Transition Nursery at Tampa General Hospital. She is very conscientious in the duties associated with her job. She is a dedicated nurse with excellent leadership ability. Ms. Sanders is an asset to nursing and a respected member of the profession. She will enhance any realm of the nursing arena in which she is employed. I enthusiastically support her desire to pursue her graduate degree.

I was honored to be her preceptor during the completion of her MSN in Nursing Leadership at Management which she completed in the spring of 2010 at UCF. I worked closely with Pam during both the spring of 2009 during her Nursing Leadership Role Specialization practicum and again in the spring of 2010 during her Nursing Leadership and Management Internship. She demonstrated a strong work ethic and great leadership skills during this time. She was able to balance a busy and demanding career while furthering her education. I believe Pam's skills as a nurse leader will serve her well as she seeks her graduate degree.

I would highly recommended Pam for this program. If you should have any questions please feel free to call me at 813-844-7302.

Sincerely,

Janet Davis, MS, RN, NE-BC
Sr. Vice President & Chief Nursing Officer
Tampa General Hospital
